

# AP Simplified

Save time and money through reliable, secure, and savvy AP automation

## Alleviate

### FRAUDULENT PAYMENTS

Around disbursements and check fraud can become a thing of the past.

### PAYMENT RUNS AND PAPER CHECKS

We send the money for you. No more printing, signing, stuffing and mailing checks, or laborious payment runs for ACH.

### MANUAL PAYMENT RESEARCH

Often times a vendor or internal question involves 2-3 disparate systems to find where a payment is in the process.

### COSTS

The cost of staff time, supplies, postage and bank fees add up quickly in the typical AP.

### WASTED TIME

Opening envelopes, filing invoices, manually keying in accounting data, tracking down lost payments, and handling exceptions with suppliers — they all become drastically reduced or eliminated altogether.

## Enhance

### YOUR APPROVAL PROCESS

All invoices are routed electronically for approval based on your rules and workflows. Our fully customizable system adapts to your needs.

### ADMINISTRATIVE EFFICIENCY

Get more done with less. Grow your business without adding people just to keep up with the bills.

### VISIBILITY AND INSIGHT

You have 24/7 access to all AP data for full control over your business. Make decisions based on real-time financial data.

### SECURITY

Increase security with our cutting-edge technology that minimizes fraudulent transactions and detects suspicious activity to help authenticate payments.

### CONTROL OF SUPPLIER RELATIONSHIPS

You maintain the relationship, terms and discounts you've negotiated with your suppliers.
